

# eTableserv

Software Automation for Food Service

A great marketing tool for attracting new residents as well as employees to your facility.

A touchscreen menu application that can be customized to your nursing or assisted living communities dietary needs.

Reduces and/or eliminates the need for paper menus and plastic tray cards that may not be up to date.

# eTableserv

Take advantage of the industry's newest trend of **Restaurant Style Dining** with **etableserv** and separate your facility from the rest!
